NEW PRODUCT

Theraworx® PROTECT

A revolutionary new sanitizer that creates a barrier protecting against COVID-19 for 4-6 hours, allowing people to safely make physical contact.

· Theraworx Protect is safe for use on the face and mucosal areas where viruses are most likely to enter (eyes, nose, mouth).

· Theraworx is clinically proven by multiple peer reviewed studies that validates its action, potency, safety, and utility.

Masks and Shields

Custom Face Masks

Sublimated Face Mask

Three-layer protection for all day comfort.
- Outer layer: 100% breathable and lightweight polyester
- Two inner layers: 100% cotton for added filtration and comfort
- 3D contoured design reduces condensation and adds comfort
- Washable and reusable
- Choose from several color options
- Custom logo option available

Youth Size	Adult Size
8 and under	9+

Performance Pull Up Activity Mask

Easy pull up style design.
- 83% polyester/17% spandex moisture management fabric
- Serves as an additional barrier to the outside environment
- Seamless, comfort design
- Choose from several color options
- Custom logo option available

Made in the U.S.A

Face Mask, Disposable with Ear Loops

3-ply disposable face mask features colored outer layer to ensure proper wear; hydrophilic inner layer to absorb moisture, reducing fog on glasses; and embedded nose beam to create a comfortable, secure fit. Ear loops are secured to the outside of the mask to avoid irritating the skin.

50/Box   1020125

3-Ply Face Mask

3-ply disposable protective face masks are designed to protect against airborne bacteria, dust, pollen, and smoke. Three layers for added protection. Made from high quality non-woven and melt blown fabric for effective airway protection from small particles and droplets. Comfortable elastic loops over ears provide long lasting comfort for daily use. One size fit most.

50/box

Adult   1020055

Children's   1020076

Fruit of the Loom Cotton Face Mask, Non-Medical

Reusable, washable 3-ply 100% cotton face mask features 1 oz 100% cotton fabric and over the ear design (5" nose to chin x 7" ear loop to ear loop). One size fits most. The mask is not FDA-approved, not intended for medical use, and not proven to reduce the transmission of disease.

5/pack

Adult, White   1020126

Adult, Black   1020127

Youth, White   1020128

Youth, Black   1020129

Masks and Shields

Level 1 Medical Face Mask

Comfortable and easy to breathe while wearing. Excellent filtration with adjustable nose bridge and fiberglass free material.

50/box 1020175

Level 2 Medical Face Mask

ASTM certified level 2 medical face mask with ear loops is a high filtration mask. Hypoallergenic, fiberglass free with excellent breathability. FDA approved. BFE>98%, PFE>98%, >120 mmHg.

50/box 21758

KN95 Mask with Clear Mouth Insert

Designed for the deaf and hard of hearing. Loops around the ears so people with hearing aids or cochlear implants can wear them. Great for those that rely on lip reading to converse with others or for anyone who communicates through American Sign Language where they can see facial expressions while still wearing a mask.

5/pkg.

Adult 1020117
Youth 1020168

KN95 Mask - Black

Helps reduce exposure to biological substances, such as bacteria and viruses. KN95 is an industrial manufacturing standard meaning the masks are effective against 95 percent of particles with a mass median diameter of 0.3 micrometers or larger.

7.6"W x 9.25"H Clear Shield 1030455

KN95 Mask - White

Helps reduce exposure to biological substances, such as bacteria and viruses. KN95 is an industrial manufacturing standard meaning the masks are effective against 95 percent of particles with a mass median diameter of 0.3 micrometers or larger.

20/box 1020182

N95 Mask

4 layer structure with PFE > 95%. Offers excellent breathability and an adaptable nose bar for better fit. EUA approved.

50/box 1020181

N95 NIOSH Certified Mask

Ultra-lightweight material delivering excellent fit and breathing comfort. Protects against solid and liquid particles. Adjustable Nose clip that provides a custom fit and secure seal. Facemask fold flat for portability and convenient storage. NIOSH Approved.

50/box 1020202

Reusable Face Shields

These medical grade plastic, reusable face shields come with a latex free, elastic adjustable head strap with a foam forehead cushion for comfort. The shield's curvature design helps protect against splash and splatter, while also allowing for steady air flow. These face shields comply with all FDA requirements under the Enforcement Policy for Face Masks and Respirators During the Coronavirus Disease (COVID-19) Public Health Emergency.

40/case
Adult   1020100
Youth 14"   1020167

Flip Up Face Shield

Can be rotates up to 120 degrees for easy adjustment. Anti fog helps to keep the clear vision while you are outside. Adjustable shild help to 180 degree protect you from dusts/spitting/saliva.

12.6 W x 8.8"H Clear Shield   1030465

Adult Economy ElastiShield

The ElastiShield is easy to put on and is intended to protect against splatters and coughs—a physical barrier to conserve those N95 respirators and other face masks. This is an FDA registered clear plastic shield with a black, stretchable band.

10"W x 9"H Clear Shield   1036172

Face Shield with Reusable Glasses

Full Face Shield with Glasses. Excellent Quality: Made of durable Acrylic materials. Comes with comfort fit acrylic glasses that can fit over most eyeglasses. Anti-Fog, Replaceable and cleanable. Full Face Protection - Offers 180 degree protection from saliva or any other unwanted droplets.

7.6"W x 9.25"H Clear Shield   1030455

Economy Full Length Face Shield

Offers lightweight, anti-fog protection from splashing or spraying. Optically clear polyester for maximum visibility. Can be worn with or without glasses.

13" x 8.67" x 1.38"
25/box   1020149

Z Shield

The neck-mount design makes it easy to wear all day and allows for quick attaching and detaching. The shield visor can be easily adjusted up to surround your face when needed, and down to the chest for idle use.

10"W x 13.5"H Clear Shield   1030475

Protective Apparel

Level 1 Isolation Gown, Disposable

These long sleeve gowns are breathable, elastic dust-proof isolation overalls. Easy to put on and take off. Full body coverage provides a barrier against transmission of microorganisms and other harmful substances.

. . . .   1020143

AAMI Level 2 Washable Reusable Gown with Cuffs

Breathable, flexible gown that is generously sized for full coverage and flexibility. Yellow gown with white ribbed cuffs, long, ragland-style sleeve, back necktie and 36" waist tie. Machine washable/reusable. Material–95 gsm 100% soft polyester microfiber, OSFM.

59"L x 44.8"W, 10/pkg   1020104

AAMI Level 2 Disposable Isolation Gown with Cuffs

Breathable, flexible gown that is generously sized for full coverage and flexibility. Blue or yellow color depending on fabric availability. Set in sleeve style with white knit cuffs. Constructed with waist and neck ties to ensure secure fit. OSFA.

59"L x 48"W, 100/pkg   1020077

Safety Goggles

These perforated ventilation economy safety goggles protect against impact and splash. They provide a wide, unobstructed field of vision and can be worn with most half-mask respirators. Rugged polycarbonate lens filters 99.9% of harmful U.V. rays. Offers transparent protective PVC body, comfortable fit over prescription eyewear, and adjustable elastic strap.

Safety Goggles   1020101

Universal Shoe Covers

Shoe covers are universally sized with comfortable elastic ankles to fit over most shoes. Made of 100% spun bond polypropylene. The non-woven fabric helps filter particulates for contamination control in critical environments.

300/Case   1037519

Head Coverings

Made of 100% spun bond polypropylene. The non-woven fabric helps filter particulates for contamination control in critical environments.

100/Bag

Thermometers

LEPU Infrared Thermometer

This non-contact infrared thermometer offers one-second measurement, fever alert, prevents cross infection and has 3 + 1 core measurement technology to ensure accurate temperature measurement. Portable and simple operation—One button measurement, it is a perfect choice for moms and dads who want to keep a close eye on the body temperature of babies, children, and loved ones.

. . . .   1020032

FeverScan Forehead Thermometer

Safe and reliable thermometer especially suitable for children. Temperature reading in 15 seconds. Reusable and not made from natural rubber latex.

. . . .   13081

Oral Digital 30 Second Thermometer

This reliable oral thermometer for kids and adults has been clinically tested for both speed and accuracy. Rigid Tip, fast 30 second read, waterproof and last reading recall.

12.2 x 1.8 x 1.1 cm 1020118

School Health Digital Thermometer

This economical and easy-to-use digital thermometer takes accurate readings in just 30 seconds. It is waterproof and comes with a flexible tip usable for oral, rectal, and axillary. Includes a plastic carrying case, one battery, and 5 probe covers.

. . . . 13101

Yuwell Infrared Non-Contact Thermometer

Infrared sensor quickly lets you know
if patient has a fever, and it does not require contact with the skin, reducing the risk of cross-contamination and enhancing patient comfort. Display is LCD screen with 4-digits and special icons with a 1-second response time. Two "AAA" batteries included.

. . . . 1020068

Pulse Oximeters

Made in the U.S.A 🇺🇸

Nonin Onyx Vantage 9590 Finger Pulse Oximeter

Scientifically proven accuracy in the most challenging cases, including patients with low perfusion or dark skin tones; and pediatric and larger adult patients. Performs up to 6,000 spot checks or 36 hours of continual operation on two "AAA" batteries.

Black   53238
Red   53239

Pulse Oximeter Protekt

This portable finger pulse oximeter provides a non-invasive, safe way to accurately monitor oxygen saturation and heart rate. LCD display presents digital SpO2 and pulse rate while using bar graph technology to monitor heart rate. Two "AAA" batteries provide continuous use for more than 30 hours.

. . . .   53452

Pulse Oximeter Finger Soft Touch

This fingertip pulse oximeter provides a non-invasive, painless, quick, and accurate measurement for patients' SpO2 (± 2% accuracy) and pulse rate (± 2bpm accuracy). The battery-operated device is lightweight yet durable, and portable enough to take anywhere. A multi-direction display and adjustable brightness settings provide clear feedback in any environment.

. . . .   1020044

School Health Gel Hand Sanitizer

School Health branded gel hand sanitizer kills common germs that may cause illness, without soap or water. Effective in the reduction of spreading germs. Over 70% alcohol. Safe & effective for kids and adults when used as directed. No sticky residue.

Wall Signs

Eco Safety Signs clearly communicate critical safety information. Plastic signs are made from a minimum of 70% post-consumer recycled materials and are printed with UV-resistant inks. The signs are pre-drilled for easy mounting and include adhesive mounting tabs. Impact-resistant plastic is suitable for indoor or outdoor use. Self-adhesive signs are made from a minimum of 70% post-industrial polystyrene, and are resistant to solvents, moisture, scuffing, tears and UV exposure. All signs are made from recycled materials. Recycled materials support sustainability initiatives and LEED credit.
